

AA-6788 PROTEC® AUTO PLASTICS PRE-CLEAN RFU

PRODUCT DESCRIPTION

Protec Auto Plastics Pre-Clean RFU is a ready-for-use solvent and detergent cleaner which will remove most water and some solvent based contaminants from vehicle finishes prior to sanding. Ideal for cleaning of plastic substrates to remove mould release agents and especially recommended for cleaning of difficult surfaces such as fibreglass. Also recommended for removal of sanding sludge and neutralising chemically stripped surfaces.

PRODUCT

Protec Auto Plastics Pre-Clean RFU

AA-6788

APPLICATION & USE

1. Apply AA-6788 using either a STARTLINE® Pump Bottle, *Startline* Scourer Pad, brush, sponge or cloth
2. Leave on surface for a few minutes
 - Do not allow AA-6788 to dry on the surface
 - Keep off plastic parts not being painted
3. Rinse thoroughly with clean water and dry
4. Repeat the cleaning procedure on plastics to remove all trace of mold release agents

Use only recommended Protec products

HEALTH AND SAFETY

Refer to Safety Data Sheets (SDS) for full Health and Safety details, as well as product can labels.

This product is for professional use only.
The information given in this sheet is for guidance only. Any person using the product without first making further inquiries as to the suitability of the product for the intended purpose does so at his or her own risk and we can accept no liability for the performance of the product or for any loss or damage (other than death or personal injury resulting from our negligence) arising out of such use. The information contained in this sheet is liable to modification from time to time in the light of experience and our policy of continuous product development.
Drying times quoted are average times at 25°C/77°F. Film thickness, humidity and shop temperature can all affect drying times.
